Beloved Children:

To bring release from form into the realms of consciousness and in to the realization of your oneness with the Great and Universal Cosmic Consciousness in which all mankind lives and moves is the true purpose of Our teaching. While man looks at the Universe from his particular spark of consciousness he is bound, but when he rises and expands and begins to feel the Universal Consciousness blending with his own, and his consciousness becoming immersed in this selfless sphere, he has experienced the first state of freedom which will be his natural estate at the close of his Earth embodiment.

When one has found the door into this Universal Sea of Selflessness, in which is more life, more vitality and more lightness one can no longer remain a prisoner of the flesh. By meditation on your oneness with All Light, Peace and Strength the capacity to enter and return from this Realm of Heaven will become as natural for you as it is now to enter one room from another. As you have been told, this Higher Sphere of Consciousness is the Realm of Causation where ideas are given body and bodies are lowered into form.

At the present hour, through Mercy, We have drawn from the Cosmic Law the authority to bring into the atmosphere of earth special Devas charged with the qualities of stability, security and peace which They will anchor into the feelings of the people thus negating the fear which is gripping the majority of mankind. These Protective, Invisible Beings are blanketing the Earth in a vibration corresponding to Their Own. These Cosmic Messengers are like unto the wind and the rain, impersonal, but are absolutely obedient to The Law of Balance and Harmony. They will be of tremendous assistance in maintaining the poise and balance and peace of all men in the flesh-form during the next twelve-month period. This is why Their present intercession is the part of wisdom that both mankind and They become acquainted with each others vibratory action. Your consciousness of Their Presence in the Earth's atmosphere, and your gratitude sent towards These Exquisite Ones will be seen and acknowledged by Them.

For the loving cooperation of My chelas in these matters "I AM" grateful.

Love and blessings
